The [Sphinx](#) stands yards away, looking enigmatic as it guards the secrets of thousands of years.

Giza Plateau

The true Egyptian story of the pyramid lineage opens on the Giza Plateau.

Be awed by the majesty of the Great Pyramids of Khufu, Khafre, and Menkaure, feats of engineering that blurs the imagination.

Your guide will explore with you their fantastic history—how they came about, what they were made for, and roughly when.

Time literally drips away while you stand under the shadows of these ancient giants.

Saqqara

Further south lies Saqqara, the very old necropolis that has some tales to whisper concerning Egypt's earliest dynasties.

Here, behold the Step Pyramid of King Djoser, a groundbreaking experiment that led to the iconic pyramids that followed.

[Saqqara](#) is important in that it has been declared a UNESCO World Heritage Site, an icon of most of the ancient knowledge mankind has yet to discover.

While the plane is up above the golden sands, wait for that moment when the sun will be swallowed whole by the moon in the longest solar eclipse of the century.

Day 4

4- Witness the 2027 Solar Eclipse at Karnak Temple

Enjoy a slow morning in the hotel while looking forward to the celestial event of 2027 Solar Eclipse.

Karnak Temple

A car will take you to [Karnak Temple](#), a monument so old that its stones can almost hear the whispers of the pharaohs.

Here, the towering Hypostyle halls and massive pylons dedicated to Amun-Ra await your arrival to witness something that is arguably more spectacular than these ancient walls.

As the sun will be silenced by the moon, the scenery around you will be washed with shades of twilight.

Stars will appear between the daytime azure, while a tantalizing corona of fire will encircle the silhouette of the moon.

Time stands still for six minutes and twenty-three seconds while you are embraced by this heavenly ballet.

Inhale the deep silence, allow connectivity to the cosmos to wash over you, and etch this memory into your soul.

Worth every bit of your time. Worth a lifetime.

Luxor Temple

From there, away from the otherworldly awe of that eclipse, your journey leads you to the splendid [Luxor Temple](#), yet another architectural masterpiece in that golden glow of the Luxor afternoon sun. Your Egyptologist guide will narrate the fascinating tales inscribed in hieroglyphs on the temple walls—pharaohs and gods, victories, and celebrations.

Night Nile Cruise

The 4-night Nile River cruise from Luxor to Aswan.

Day 5

5- Kings Valley, Hatshepsut Temple and Colossi of Memnon

Indulge yourself with breakfast on board your vessel, bracing yourself to explore the west bank of Luxor.

Valley of the Kings

The first stop will take you to the [Valley of the Kings](#), a realm where the great ones slumber in gilded tombs, where their stories are inscribed in hieroglyphs upon eternal walls.

Your Egyptologist guide, a modern-day decoder of those celestial dreams, shall narrate their tales: these long-gone kings, whose triumphs and ambitions become immortalized in the Valley's embrace.

Hatshepsut's Temple

Next, ascend into [Hatshepsut's Temple](#)—high terraces, a remarkable ensemble of architecture hewn into the cliffs.

Feel the desert sun touch your skin as you stand where the "Female Pharaoh" once redressed conventions and rose to rule with wisdom and grace.

Gaze through her eyes at the panoramic view that opened before her.

Let the whispers of her reign carry you into the millennia.

Colossi of Memnon

At noon, the [Colossi of Memnon](#) will welcome you into their shade involved with the great sentinels of ancient Thebes.

6- Edfu & Kom Ombo Temples

Awaken your senses with a delicious breakfast on board, and then enjoy the romantic horse-drawn carriage ride along sun-baked streets to the Temple of Horus at Edfu.

Temple of Horus (Edfu)

A masterpiece of Greco-Roman times and the best-preserved temple in Egypt.

See its towering pylons and intricately carved reliefs, and lose yourself in the mysteries of falcon-headed Horus.

Sailing to Kom Ombo

Ride the carriage back to your Nile cruise and begin sailing onwards to [Kom Ombo](#).

Kom Ombo Temple

Get ready to be amazed by a temple that is in contrast to everything—other name, dedicated to both Horus, the heavenly falcon, and Sobek, the terrible crocodile deity.

Unravel their divine tales from within the walls of the temple, and take a deeper plunge into Sobek's tale in the intriguing Crocodile Museum that lies close by.

As evening settles, with a setting sun casting elongated shadows, our ship glides coolly towards Aswan, with a suspense that promises much for this bustling city in the southern part of the country.

Day 7

7- Abu Simbel Temples

Road Trip to Abu Simbel

Ready for an exceptional experience?

With a 3.5-hour trip through the sunburnt desert, your focus turns toward the famed Temples of [Abu Simbel](#), massive monuments carved straight into the sandstone cliffs.

Temples of Abu Simbel

Imagine the massive statues of Pharaoh Ramesses II staring down on you: their faces have not changed for eons.

Enter the temple and walk back to another time when wonderful hieroglyphs spoke of gods and

pharaohs; feel the coolness in a cavernous hall decorated with bright reliefs—recording epic battles and divine petitions.

This is not just a temple visit—it is a history lesson where one stands in the presence of mighty rulers. Be prepared to be humbled by the sheer size and artistry of monuments, which reflect man's endeavor and engineering genius.

After these wonders of Abu Simbel, you shall return to your cruise ship, holding memories forever engraved in your mind.

The gigantic [High Dam](#) is the first place you would visit, a modern marvel that tamed the floods of the Nile and illuminated Egypt.

Stand in awe at the dam's great scale, scratch your head in wonder at the massive engineering that reshaped an entire landscape.

Unfinished Obelisk

Next down the line of ancient engineering is the [Unfinished Obelisk](#), gigantic granite remnant frozen in time.

Picture in your mind's eye the artists laboring on this monolith meant to be an eternal monument, only to have it left in limbo for reasons optimized across time.

Temple of Philae

Then you will continue your journey with a ride on a motorboat across the lustrous Nile water. The [Temple of Philae](#), a jewel of the Ptolemaic era, is the best example of ancient art and architecture. Though it was threatened by the High Dam, UNESCO arose to rescue by relocating the temple to higher ground. Marvel over its carvings and imagine the whispers of pharaohs echoing through its walls.
